SYW&GCL INDOOR LEAGUE RULES

FIXTURES

Schedule of fixtures

All teams' placings within divisions shall be selected based on the previous year's performances. Any new team joining the SYW&GCL shall be placed in a division suitable decided upon by the league committee. A fixtures list shall be distributed to clubs no later than mid-September. The fixtures shall then be published in the handbook as well as the League's Play-Cricket website.

https://sywgcl.play-cricket.com/home

Alterations to fixtures

No alterations to fixtures are permitted within the indoor league. There may be rare occasions when the league will rearrange fixtures, for example, due to venue closure, the details of which will be circulated to the appropriate clubs asap.

LEAGUE ENTRY

The entry fee for the SYW&GCL Indoor League is £42 per game, regardless of format. An additional payment of £42 will be required if a team concedes a fixture.

TEAM CARDS

Team cards must be completed prior to the toss at the start of each game. These must be submitted to the umpire, with any loanee players identified (including their "parent club"). As well as this, junior players must be identified with their age on the day of the game stated on the team card. The team card must be signed by the team captain. A copy of the Team Card is available within the Handbook to be printed out by all teams.

LOANING OF PLAYERS

Loan players are permitted within the SYW&G indoor league however the following criteria must apply

- Loan players will only be allowed to play in the lowest team in any club.
- Loan players must come from a division below the one they are loaned to, teams in the bottom division are exempt from this rule but cannot loan from a higher division.
- Clubs with only one team can loan a player, but the loan player must come from a division below, teams in the bottom division are exempt from this rule but cannot loan from a higher division.
- Teams can only use a maximum of one loan player per game.
- All instances of player loan will be notified to the league via email to brittney.lamoursywgcl@gmail.com and kat.cogillsywgcl@gmail.com 24 hours prior to the fixture.

PLAYER SUBSTITUTION

Any substitute must meet the player registration criteria detailed below. The umpires shall allow a substitute fielder if they are satisfied that a fielder has been injured or become ill and that this occurred during the match, or for any other wholly acceptable reason. In all other circumstances, a substitute is not allowed. A substitute shall not bowl, or bat or act as captain but may act as wicket-keeper only with the consent of the umpires. The only exception to this rule is within the pairs cricket format, with the consent of both captains a substitute player may be allowed to bat.

RUNNERS

The umpires shall allow a runner for a batter if they are satisfied that the batter has sustained an injury that affects their ability to run and that this occurred during the match. In all other circumstances, a runner is not allowed.
A runner shall be a member of the batting side. If possible, have already completed their innings; when this is not possible, if circumstances change such that a dismissed batter can act as runner, then the runner must be changed immediately. The runner must wear external protective equipment equivalent to that worn by the batter for whom she runs and shall carry a bat.

UMPIRING OF GAMES

The league will provide one umpire per game. The league expects teams to provide a square leg 'umpire' for their batting innings.

SCORING

All teams are required to provide a scorer and both scorers should sit together throughout the game when scoring a match.

PLAY-CRICKET

Registration of players

All Clubs will register their players within Play-Cricket and also to the SYW&GCL via Play-Cricket before their first league fixture. Clubs then need to assign players to the appropriate team/squad within Play-Cricket. Players who have played in another ECB affiliated league with a higher standard of cricket may still play within SYW&GCL. However the following must apply: they must be registered with the club at the start of the season, they must play their first game before 31st December and they may only play within the top division of any format.

Team/Squad lists and 'playing down'

Clubs with more than one team playing in the same format are required to allocate a minimum of 6 players to their 1st team, (and a minimum of 6 players to their 2nd team if the club has three teams entered). These players are not allowed to 'play down' within the same format. 1st team squad lists will be checked by the SYW&GCL Committee prior to the start of the league to ensure we offer a fair, safe and competitive cricket environment for all. Players may be transferred from the 1st team to a lower division team within a club mid-season, but only with the consent of the SYW&GCL committee (via email to the Chair, Vice Chair and Fixtures Lead). This permission will be granted if there is a genuine cricketing or other valid reason for the request.

Results

The home team (as per play cricket) is responsible for entering the fixture result details onto Play-Cricket including full scorecards within 24hrs of the match concluding. The home team should also confirm the result on Play-Cricket. The away team must confirm the result on Play-Cricket within 72hrs of the match concluding.

DISCIPLINARY & INCIDENT REPORT

If a team have any incidents during the league season and wish them to be brought to the attention of the SYW&GCL committee, an incident report form must be submitted to the Disciplinary Lead with full evidence provided. A copy of this template report is available within this handbook.

ECB DIRECTIVES FOR YOUNG PLAYERS

On fast bowling, wearing of helmets in Hardball Cricket and fielding distances are to be observed. An under 18 fast bowler's overs must not exceed the maximum for their age group, either as to length of spell or as to daily total. In addition, ECB directives on under 18 players in open-age matches are to be observed (see below). For this purpose, the list of nominated players on the team cards given by each captain to the umpire before the coin toss, must show the age of any under 18 player. Captains are responsible for ensuring the accuracy of this information.
In order to play open-age cricket all under 18s must have written consent signed by their parent/ guardian and the club's safeguarding officer prior to playing in open-age cricket. They must also be a minimum age of 12 on the day of playing in open-age cricket, unless they have written consent from the County Talent Pathways Lead. This applies to all formats of cricket, including softball and training (as per the ECB Recreational Cricket Safety Regulations 2025).

LEAGUE RANKINGS

Divisional Standings

Teams will be ranked within their division by their overall points total, if teams are equal on points, then the following criteria shall determine a team's division ranking:
1. Points
2. Net Run Rate
3. Head-to-Head outcome

$$\text{net run rate} = \frac{\text{total runs scored in all matches}}{\text{total overs faced in all matches}} - \frac{\text{total runs conceded in all matches}}{\text{total overs bowled in all matches}}$$

Promotion and relegation

Promotion and relegation will be determined by final division rankings. Primarily with the 2 up-2 down principle. Note, however, that the SYW&GCL Committee is empowered to vary the details above if circumstances require it. For example, no club can have two teams within the same division, therefore a 2nd team cannot be promoted into the same division as their 1st team, if this situation were to happen then the next highest ranked team from the division would be offered the promotion.

INCIDENT AND REPORTING

If a team has an incident during the indoor league and wish to bring it to the attention of the SYW&GCL committee, this must be submitted to Eleanor Barber as Disciplinary Lead with full evidence provided. A copy of this report is available within the handbook.

LEAGUE SANCTIONS

The SYW&GCL reserves the right to impose financial penalties and points deductions in instances where league rules are broken. Any sanction will be by a Committee decision and may be regardless of whether the rule infringement was intentional or not.

CONCUSSION PROTOCOL

Concussion is a traumatic brain injury that causes a disturbance in brain function.
This means it affect the way a person thinks, feels, and remembers.

Each club must have a responsible adult (RA) designated at each game. Where the RA is a player there must also be a designated deputy RA, where the RA is a non-player, they must remain at the game until a result is achieved. The RA must be a responsible person over the age of 18, capable of making decisions about a player's health and wellbeing. The RA and/or deputy RA must also be identified on the team sheet.

If a strike to the head occurs a dead ball must be signalled, the game is to be halted, and the relevant teams RA or deputy RA then must assess the person in question. If no concerns are raised about the players health and wellbeing the game can continue unless the umpires have concerns. If further concerns are raised another dead ball should be called and again the player must be assessed by the RA or deputy. If again no concerns are raised by the RA or deputy, but the umpire still has concerns they must leave the field of play and the game will be abandoned. This must be reported to the league and the league safeguarding officer ASAP.

Red flags to watch out for:

- Any loss of consciousness because of the injury
- Deteriorating consciousness (drowsier)
- Amnesia (no memory) for events before or after the injury
- Increasing confusion or irritability
- Unusual behaviour change
- Any new neurological deficit e.g. – **Difficulties with understanding, speaking, reading or writing** – **Decreased sensation** – **Loss of balance** – **Weakness** – **Double vision**
- Seizure/convulsion or limb twitching or lying rigid/ motionless due to muscle spasm
- Severe or increasing headache
- Repeated vomiting
- Severe neck pain
- Any suspicion of a skull fracture (e.g. cut, bruise, swelling, severe pain at site of injury)
- Previous history of brain surgery or bleeding disorder

Where a player suffers any impact to the head and at the time is undergoing blood-thinning therapy, or is intoxicated with drugs or alcohol, the player should receive immediate medical attention.

If any of the above red flags are identified in a player who has received a strike to the head they must be referred for immediate assessment in an emergency department. If the injured person is unable to safely mobilise to get into a vehicle or is deemed to have a significant injury, then 999 must be called immediately.

Any player leaving the field of play must have been assessed by a healthcare professional before returning to any cricket activity. If concussion is confirmed they must not return to any cricket activity for a minimum of 21 days and have been symptom free for a minimum .
